

Blue Lake Springs Mutual Water Company  
**Drought Action Plan**

Summarization of drought stage water use reduction targets, triggering supply conditions, objectives and response actions.

| <b>Table 1. Drought Plan Summary</b>   |  |  |  |
|--|--|--|--|
| <b>Water Supply Conditions</b>   | <b>Drought Stage</b>   | <b>Objective</b>   | <b>Response Actions</b>  |
| <p>Slightly Restricted Water Supplies (below normal)</p> <p>Asking shareholders for up to 10% Supply Reduction</p> | <p><b>Drought Stage 1</b> – Voluntary reductions in use.</p> <p><b>NO</b> watering of forest trees (Bark Beetle).</p> <p>Voluntary Odd/Even outside watering.</p>  | <p>Initiate public awareness of predicted water shortage and encourage conservation.</p> <p>Flyers to Realtors for vacation rentals.</p> | <p>Encourage voluntary measures to decrease “normal” demand up to 10%.</p> <p>Voluntary: Odd/Even watering based on addresses during specific times of day. <b>NO WATERING ON MONDAYS</b></p> <p>Shareholder Awareness through flyers and website.</p> <p>Waste Water Fines – 1<sup>st</sup> - written warning; 2<sup>nd</sup> - \$100 fine and install meter at shareholder’s expense; 3<sup>rd</sup> - \$1,000 fine.</p> |
| <p>Moderately Restricted Water Supplies</p> <p>Necessary 20% Total Supply Reduction</p>                            | <p><b>Drought Stage 2</b> – Mandatory stage with restrictions on use.</p> <p>Odd/Even days watering based on addresses.</p> <p><b>NO</b> watering of forest trees (Bark Beetle).</p> <p>No unnecessary watering (decks, driveways, cars, etc.)</p> | <p>Increase public understanding of worsening water supply conditions and enforce mandatory conservation measures.</p>                   | <p>Enforce mandatory measures and implement water rationing to decrease “normal” demand by 20%.</p> <p>Mandatory: Odd/Even watering based on addresses during specific times of day. <b>NO</b> watering on Mondays.</p> <p>Fines are the same as in Stage 1.</p>   |
| <p>Severely Restricted Water Supplies</p> <p>Necessary 35% Total Supply Reduction</p>                              | <p><b>Drought Stage 3</b> – Mandatory restrictions (severe prohibitions) on use.</p> <p><b>NO OUTSIDE WATERING</b></p>   | <p>Ensure that water use is limited to health and safety purposes.</p>   | <p>Enforce extensive restrictions on water use and implement water rationing to decrease demand up to 35% of “normal” demand.</p> <p><b>NO OUTSIDE WATERING</b></p> <p>Fines are <b>DOUBLED</b> those listed in Stage 1.</p>   |
